

AFDC – Foster Care

DESCRIPTION OF MAJOR SERVICES

This program provides aid payments for children living in foster homes and group-care facilities. The Foster Care caseload consists of cases from both the Department of Children's Services (DCS) (approximately 90%) and Probation (approximately 10%). The cost of Probation related foster care cases is approximately 4.5 times greater than DCS cases due to the higher levels of care required for these juveniles.

There are two funding eligibility criteria in the Foster Care Program, federal (federal, state and county participation) and non-federal (state and county only). Foster Care placements are generally eligible for federal financial participation if the parents meet the previous Aid to Families with Dependent Children (AFDC) Program criteria.

- For federal cases, the cost-sharing ratios are approximately 43% federal, 22% state, and 35% county.
- For non-federal cases, the cost-sharing ratio is 40% state and 60% county.
- All county share-of-cost is mandated and is reimbursed from Social Services Realignment and the county general fund.

Additionally, this budget unit provides \$1.1 million in Social Services Realignment funding annually to the Probation Department to assist in operating the Fouts Springs Youth Facility. This facility is a boot-camp type of facility and is used as a diversionary program for delinquent youth.

There is no staffing associated with this budget unit.

The variance between 2003-04 budget and actual expenditures was due to stabilizing caseloads, which is partly due to cases shifting from the Foster Care program into the Kin-Gap program. Caseloads were projected to increase with the opening of the Vision Quest facility. Vision Quest is a Rate-Care-Level 12 placement facility in which 72 youths were admitted beginning in October 2003. Most of the placements were made and did not impact the caseload numbers as anticipated due to the continued movement of children into Kin-Gap.

The Foster Care caseload has stabilized in recent years, partly due to cases shifting from the Foster Care program into the Kin-Gap program. Caseloads are projected to remain stable in 2004-05.

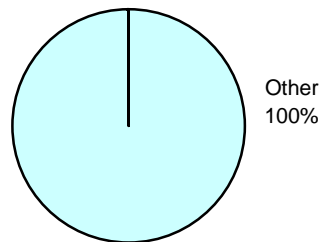

While caseloads have stabilized, costs for these cases continue to increase. This is due to the severe statewide shortage of foster family homes and intensive treatment facilities for seriously troubled children. These children are being placed in higher cost foster family agencies and group homes.

Average grant amounts in 2004-05 are projected to be 7% higher than 2003-04 budgeted grant amounts. The rising cost per case is a statewide problem. The governor is currently looking for solutions to control the rising costs, but it is not known when any new legislation or procedures will be handed down.

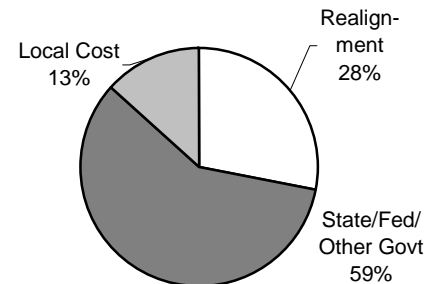

The U.S. District Court issued an order in February 2004 in the Rosales v. Thompson case revising the eligibility requirements for foster care cases. Non-federal cases are currently being reviewed that may now be eligible for federal funds. Additionally, cases that previously were denied foster care funds and had been designated as CalWORKS may now be eligible for foster care funds. Each county is required to review all foster care cases open on or after March 2003 to determine eligibility for retroactive payments. The impact this ruling will have on San Bernardino County will not be known until all affected cases are reviewed.

The state proposed to eliminate the county share of Child Support collections in 2004-05, which is used to offset local cost in Foster Care, CalWORKs aid payments (AAB FGR and AAB UPP), and the Kinship Guardianship Assistance Program (AAB KIN). With the loss of this revenue, local cost is projected to exceed target in AAB FGR and AAB KIN. To offset the increase, HSS is proposing to increase budgeted Realignment revenues in Foster Care to assist in transferring a net of \$303,276 in local cost to AAB FGR. This will enable HSS to remain within local cost targets in the subsistence payment budget units.
